A WORD FROM THE SHERIFF:

I want to welcome all of our readers to your Sheriff's Holiday Newsletter. With the Holidays fast approaching I feel it's important to share our information as well as a few Holiday safety tips. This publication is circulated throughout our agency and the community. I believe that it is important to inform you of our progress, both in the community and behind the scenes. You should always be informed about the progress made as I serve you as your Sheriff, to include the accomplishments with our community and staff.

It's hard to believe that our newsletter has circulated for almost seven years, reaffirming my beliefs that communication and transparency to the community is as important as the feedback we receive from you. This is open to community input as well as

input from our staff. This publication is not law enforcement sensitive, so please share this with your family and friends.

The articles include public safety messages, agency information, and statistical data. I welcome input and suggestions as we enter into 2014. I have also embedded links in some of our articles to our additional web links as well as YouTube videos. I hope you enjoy the videos and articles.

From my family and staff to yours, Have a safe and joyous Holiday Season.

SWAT UPDATE

With funds from a Homeland Security Program Grant, the Queen Anne's County Office of the Sheriff has acquired a 2013 Freightliner Sprinter 3500 box van. The new vehicle will be used for SWAT Operations and as an Incident Command Vehicle.

Since 1996 the SWAT team utilized a Ford E-350 van which has become too small for the personnel and assorted equipment. In addition to being much larger, the new Freightliner also has opening sliding doors on each side which will allow team members to disembark quicker and safer on operations.

In 2001 the Kent Island Fire Department donated a retired 1996 Ford box ambulance to the Sheriff's Office which was converted into an Incident Command Vehicle. After much use, a replacement vehicle was needed due to the high mileage, several expensive mechanical issues and limited capabilities.

The new Freightliner Sprinter was up-fitted by a local company, Incident Communications Solutions, Inc. of Stevensville, Maryland

Sheriff Hofmann has named Sgt. Stephen Stouffer as the Business Liaison for the Office of the Sheriff. Sgt. Stouffer is responsible for handling major business thefts within the community. Sgt. Business Alert:

Recently in Queen Anne's County we have seen an increase in several crimes, from counterfeiting, armed robberies and thefts. As the Holiday season approached it is imperative that your staff and management be familiar with suspect identification and basic crime prevention tips. My Office wants to ensure the best possible educational information is provided to keep our employees and customers safe. Businesses from 1 employee to hundreds, it is incumbent amongst all employer's to educate your staff.

My deputies will be increasing patrols in within the business community to raise awareness to safety. I am asking that you have your staff call in anyone whom is suspicious or committing a crime immediately, and make contact with the deputy to let them know what you observed. Your safety should always be first, don't confront suspects, but be a trained observer, and report the incident.

If you have any questions, you can always call my staff or I. Thank you, I hope all of our Businesses have a safe and joyous Holiday Season!

Be Smart! Share the Road!

Be very careful when approaching a large truck. They act differently than a car. Avoid blind spots near a truck. If you can't see a truck's side mirror, the truck driver can't see you! Don't cut in front of a large truck, they require more stopping distance than a car.

Benedictine and Queen Anne's County Sheriff's Office partner on workshop "Autism, Intellectual Disabilities and First Responders"

Benedictine and The Queen Anne County Sheriff's Office partnered together for a workshop approved by The Maryland Police Training Commission. The workshop was designed to build awareness that first responders have to increase effectiveness and minimize risk of harm in encounters and emergency response.

Course objectives were to define intellectual disabilities and autism, recognize the necessity to be aware of these disabilities, and identify the common characteristics (including

processing delay, sensory overload, response to stressors, lack of safety awareness). Law enforcement explored alternative techniques in responding to people with these disabilities that would be helpful when following required protocols.

Benedictine School Principal Julie Hickey teamed with 3 additional school staff (pictured) to develop and facilitate the course. Hickey welcomed the opportunity to "engage in an interactive discussion on identifying, understanding and responding to

people with intellectual disabilities and autism. The officers brought their real world experiences to the table which helped guide the workshop sessions and added a dynamic conversation to the training."

Lt. Dwayne Embert of The Queen Anne's Sheriff's Office said "we were pleased to be able to partner with the staff of the Benedictine to raise awareness and enhance law enforcement response when interacting with our community members that may be autistic or have an intellectual disability."

We are fortunate to have Benedictine in our area and to have the ability to draw from the knowledge and experience of their staff. This training was valuable and interactive with relevant information being gained by both law enforcement and the Benedictine staff."

Law Enforcement agencies represented in the training were the Queen Anne's County Office of the Sheriff, the Denton Police Department, Caroline County Sheriff's Office, and the Talbot County Sheriff's Office. Lt. Embert "Over the past several years the Queen Anne's County Sheriff's Office has been committed to raising deputy

awareness in regards to interactions with those with mental health issues and intellectual disabilities. We are thankful for our partners who have helped us in the past as well as Benedictine for presenting this training"

For more information about Benedictine or if you are interested in learning more about "Autism, Intellectual Disabilities and First Responders" please call 410-634 2112 Ext. 1268 or Ext. 1320, visit online at www.benschool.org, or like us on Facebook.

Headquartered in Ridgely, Maryland, Benedictine was founded in 1959 by the Sisters of St. Benedict as a residential and day school for children with developmental and intellectual disabilities. Benedictine's Open Community Program, established in 1982, provides regional residential and vocational services for adults in Maryland and Delaware.

Founded on the belief that people with disabilities should have the opportunity to live meaningful, productive lives, in communities of choice, Benedictine helps children and adults with disabilities reach their greatest potential without regard to racial, ethnic, or religious background.

School Resource Deputies: Protecting Our Children

As a new school year begins, the Office of the Sheriff continues its commitment to the safety and security of public schools in Queen Anne's County. Deputies assigned as School Resource Officers patrol school campuses, and play a vital role in keeping our children safe.

DFC George Sewell is assigned to Queen Anne's County High School

DFC George Sewell, Sr. has 19 years of law enforcement experience, including 15 years with the Queen Anne's County Sheriff's Office, and 4 years with the Centreville Police Department. George was born and raised in Queen Anne's County, where he continues to live today. George graduated from Queen Anne's County High School in 1985. George says "I enjoy serving as the SRO of the Queen Anne's County High School because my career has taught me that the education and familiarization of law enforcement starts with our kids. It is important to get to know the kids and the young adults of our community and answer the many questions that they have to ask. Furthermore, there is nothing more important than the safety of these young adults and the staff that teaches them."

Deputy Chad Hartmetz is assigned to Kent Island High School

Dep. Chad Hartmetz was born in Buffalo, New York, and raised in Chestertown, MD. He is a 2008 graduate of Kent County High School in Worton MD. Chad has known Kent Island High School's principal, Mr. John Schrecongost for many years, and in fact was once a student of his. Prior to becoming a police officer, Chad was an explorer with the Kent County Sheriff's Office. Chad worked for Kent Co. Sheriff's Office in court security, and graduated from the police academy in June, 2012. Prior to becoming an SRO, Chad worked in the patrol division. Chad is a member of the Kent & Queen Anne's Rescue Squad, and mentors for middle school kids in his hometown. Chad says "I enjoy working with young people, trying to keep them on the right path. My interest in law enforcement came from my high school SRO and I'd like to try and do the same for someone else."

DFC Terry Copper is assigned to Middle Schools in the county

DFC Terry Copper grew up on a farm in Sudlersville, MD, and graduated from Queen Anne's County High School in 1978. Terry was hired by the Queen Anne's County Sheriff's Office in 1999, and worked for many years in the Patrol Division. After careers in both the United States Army, and the Sheriff's Office, Terry decided to retire in 2009. He later returned as a contractual employee to serve as the SRO for all of the middle schools in the county. Terry has completed several courses on school and student safety, and is nationally certified as an SRO. Terry says "what I like about working as a SRO is that I work with kids and help influence them to become productive members of the community."
